Forecast for Friday 20 Aug 2021

Weather: A few light showers at first. Areas of low cloud will dissipate through the morning to leave most of the day dry with some spells of sunshine. Thickening cloud will bring some rain from the southwest from mid-evening.

Chance of cloud free mountain/hill tops above 800m: 70%

Visibility: Poor in patchy low cloud down to 700 metres at first, this mainly across the east and north of the area. Then some patchy cloud above 900 metres, otherwise generally good visibility. Low cloud may return later in the evening once rain arrives.
